Sub: Guidelines to Mitigate Heat Wave Conditions

Ref: 1) No. 596(11)- DMCD-11017(99)/61/2018 dated- 28/03/2018 of Joint Secretary, Department of Disaster Management and Civil Defence, GoWB.

Madam/ Sir,

As per advisory issued by National Disaster Management Authority of India following steps are to be taken at school level for mitigating the heat wave condition, if any-

- 1) Avoid open air classes under direct sunlight.
- 2) Make the students aware about heat wave and advise them to avoid playing under Midday sunlight
- 3) Make provision for adequate drinking water, in school and advise students to drink water frequently.
- 4) Keep ORS packets in school office for emergency requirement, if any.

She/he is requested to circulate this to all the schools in her/his district.

Yours faithfully,

Commissioner, School Education,
West Bengal

Memo no - 2390/s,

Date - 28.5.2018.

All the Head of the Institutions of all type of schools under the jurisdiction of this office are hereby requested to follow the order as herein under.

28.05.18

District Inspector of Schools (S.E.)
